

APPLICATION FOR THE POSITION OF E-CAMPUS PORTAL LEARNER GUIDE

Dear Hiring Committee,

I am writing to express my interest in the position of **E-Campus Portal Learner Guide**. I am interested in this opportunity because I enjoy helping other learners understand and use digital platforms effectively. I believe my academic background in Cyber Security and Digital Forensics, together with my computer and communication skills, would enable me to support students who experience difficulties accessing or using the E-Campus Portal.

Although I have not previously worked in a formal ICT support position, I have developed practical knowledge of computers, operating systems, networking and cybersecurity through my studies and personal learning. I am comfortable learning new technologies and explaining technical processes in a simple and understandable way.

In this role, I would assist learners with common E-Campus Portal challenges such as logging in, navigating the portal, accessing learning materials, locating assignments and understanding basic portal features. When a learner experiences a problem that I cannot resolve directly, I would guide them through the appropriate support process or refer the issue to the responsible technical team.

I also understand the importance of patience and clear communication when supporting learners. I would listen carefully to their concerns, provide step-by-step guidance and ensure that they understand the solution before ending the support interaction. I would also maintain professionalism and respect the privacy of learners and their information.

I am available to dedicate the required time to this position and I am willing to learn any additional procedures or systems required for the role. I see this opportunity as a valuable way to use my technical knowledge while gaining practical experience in ICT support and learner assistance.

I would be grateful for the opportunity to contribute as an **E-Campus Portal Learner Guide**. Thank you for considering my application. I look forward to the opportunity to discuss my application further.

Yours faithfully,

Nimco Kadar Ahmed
